FORWARD

I am pleased to introduce the revised edition of the Directory of Accommodation for Seniors in Ontario, a comprehensive guide to the many types of facilities available to seniors across the Province. Included is a list of homes for the aged, nursing homes, rest/retirement homes, and senior citizens' apartment buildings.

The Directory has been thoroughly updated, and now includes a list of information sources for each of the Province's geographic areas.

This Directory will be an informative and practical guide for those who work in community information centres, hospital discharge planning departments, and in the areas of social work, public health, and community support and will be of direct benefit to senior citizens in choosing the most appropriate accommodation.

Thank you to everyone who assisted by providing information for this publication.

A handwritten signature in dark ink, reading "Mavis Wilson". The signature is fluid and cursive, with a long horizontal stroke at the end.

Minister

DEFINITIONS

DEFINITIONS -- INFORMATION SOURCES

COMMUNITY INFORMATION CENTRES

Community Information Centres (CICs) provide free information and advice to the public about government programs, and seniors' services including housing, financial and legal counselling, recreation, and local community support services.

DAY HOSPITALS

A day hospital is a facility which provides organized day programs for sick and disabled elderly requiring rehabilitation, physiotherapy or treatment of health problems following hospitalization. These facilities are designed to prolong the independent lifestyle of geriatric patients in the community and to promote earlier discharge from hospital.

DISTRICT HEALTH COUNCILS

District Health Councils (DHCs) serve as local health planning bodies, coordinating and consolidating health services and planning new programs for their areas. There are six Area Planning Coordinators who liaise with local DHCs on behalf of the Ministry of Health.

ELDERLY PERSONS' CENTRES

These are non-residential community centres that provide social, recreational and cultural activities for the aged (including activities such as arts and crafts, physical fitness exercises, counselling, education, retirement planning, and other self-help programs).

As well, many of these centres also provide Home Support Services (e.g. meals-on-wheels, friendly visiting, security checks).

HOME CARE PROGRAM

The Ontario Home Care Program provides coordinated delivery of multi-disciplinary services to eligible seniors in their own homes. Services may include nursing care, physiotherapy, occupational therapy, speech therapy, counselling, visiting homemaker services, portable meals, and hospital or sick room equipment. The doctor applies for home care on behalf of the patient. The program covers the costs of services for those who meet the eligibility requirements.

HOME CARE PROGRAM (continued)

For more information call one of the Home Care Program area offices listed in this Directory, or contact:

Ontario Ministry of Health
Community Health Programs Branch
Home Care Program
15 Overlea Boulevard, 6th Floor
Toronto, Ontario
M4H 1A9
Telephone: (416) 963-1364

HOUSING AUTHORITY OFFICES ONTARIO HOUSING CORPORATION (OHC)

The Ministry of Housing (through the Ontario Housing Corporation) has established a number of local housing authorities throughout Ontario. Housing authorities administer the province's rent-gear-to-income housing. They also establish guidelines for such projects including the determination of eligibility for admission and rental rates (see Seniors' Apartments). Accommodation is provided for senior citizens, families and disabled persons.

INTEGRATED HOMEMAKER PROGRAM

Under this program, a homemaker goes into a person's home to provide basic services such as light housekeeping, help with dressing, or other personal services such as cooking, laundry and shopping. The provision of homemaker services to the frail elderly and disabled adults is based on need for service rather than financial or medical criteria.

INTEGRATED HOMEMAKER PROGRAM (continued)

The program, currently operates in a number of communities, and is gradually being phased in across the province. It is funded by the Ministry of Community and Social Services, and is delivered through local Home Care Programs.

INCOME SECURITY PROGRAM OFFICES (HEALTH AND WELFARE CANADA)

Income Security Program Offices of Health and Welfare (Canada) are responsible for the following benefits:

- Canada Pension Plan (C.P.P.)
- Death Benefits
- Disabled Contribution Child's Benefits
- Disability Pension
- Family Allowance
- Guaranteed Income Supplement (G.I.S.)
- International Agreements
- Old Age Security (O.A.S.)
- Orphan's Benefits
- Spouse's Allowance (S.P.A.)
- Survivor's Pension (Widow/Widower)
- Surviving Spouse's Allowance

MINISTRY OF COMMUNITY AND SOCIAL SERVICES - SENIORS' PROGRAMS (Area/District Offices)

The Ministry has a wide variety of programs for seniors. It has area offices in centres across Ontario. Some of the services funded by the Ministry include:

- Charitable Homes for the Aged
- Elderly Persons' Centres
- Family Benefits
- General Welfare Assistance
- Homemakers and Nurses Services
- Home Support Services
- Integrated Homemaker Program
- Municipal Homes for the Aged

PLACEMENT COORDINATION SERVICES

Placement Coordination Services are available in 18 areas of the province. The service is totally funded by the Ministry of Health. Its primary objective is to provide a single channel to help people, requiring accommodation in long-term care facilities, obtain suitable accommodation and the most appropriate services. This service also coordinates applications for admission to nursing homes and homes for the aged in their particular areas.

PUBLIC HEALTH UNITS

Public Health Units throughout Ontario have public health nursing services which assist seniors to maintain optimum levels of health and independence, thereby enabling many seniors to remain in their own homes. Services provided include:

- assessment of health status;
- health counselling and supervision;
- referral for appropriate medical care and/or community services, such as home care, meals-on-wheels, homemaking, group activities or services related to specific health needs;
- advisory services to families.

Individual or group counselling or health education may be provided in various community settings.

DEFINITIONS - ACCOMMODATION FACILITIES

HOMES FOR THE AGED

Homes for the Aged are operated either by municipalities or by non-profit charitable organizations (religious, ethnic, service club), under the Homes for the Aged and Rest Homes Act and the Charitable Institutions Act.

Some homes provide residential and extended care services, while others provide only residential care. Residential care is for persons requiring less than 1.5 hours of nursing or personal care a day. Individuals, who are financially able, pay the full cost of their care. Subsidies are provided to the home for those who are unable to pay the full cost.

Extended care services are provided for persons requiring more than 1.5 hours of nursing and personal care a day in a Home for the Aged. Under this program, residents contribute towards the cost of their room and board. The remainder is paid by the Ministry of Community and Social Services. The resident's rate of payment is adjusted on a quarterly basis.

All homes maintain their own admission policies and guidelines on services.

Satellite Homes

Some municipal Homes for the Aged use private homes - called satellite homes - to provide residential care for seniors. Seniors living in a satellite home have full use of facilities provided at the Home for the Aged.

NURSING HOMES

Nursing homes are privately run facilities, licensed by the Ontario Ministry of Health, for people who do not need hospitalization but who do require more nursing care than can usually be provided in their own homes. Most nursing home residents are eligible for the Ontario Ministry of Health's Extended Care Program which provides, on average, a minimum of 1.5 hours of nursing and personal care a day. Under this program, residents contribute towards the cost of their room and board. The remainder is paid by the Ontario Ministry of Health.

REST/RETIREMENT HOMES

The term rest/retirement home refers to a wide variety of settings, operated primarily by the private sector, ranging from residential care with minimal supervision to luxury retirement complexes offering extensive personal care and recreational activities.

REST/RETIREMENT HOMES (continued)

Currently, there are no provincial guidelines or regulations establishing the standards of care in rest/retirement homes although they are subject to public health standards, and fire and building regulations.

Residents pay the full cost of their care which may include accommodation, meals, housekeeping, and personal services.

SENIORS' APARTMENTS

The Ontario Housing Corporation (OHC) offers rental housing for senior citizens (60 years of age or older) on the basis of need. Rent is geared-to-income, calculated at approximately 25 per cent of a tenant's gross income. Accommodation is provided for couples when at least one person is aged 60 or more. OHC apartments are operated by local housing authorities.

In addition, municipal, private and cooperative non-profit housing corporations build and manage rental housing. A percentage of units in these housing projects are eligible for rent subsidies which are also geared to gross household income.

SENIORS' APARTMENTS (continued)

For further information on subsidized units please contact one of the OHC Regional Housing Program Offices as listed in this Directory or contact the Head Office at:

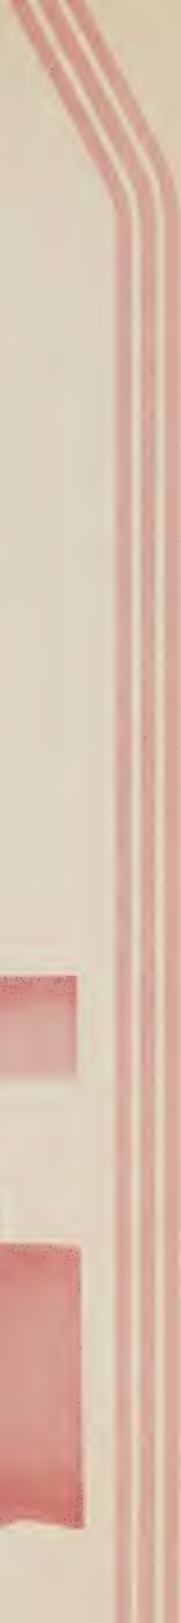

Ontario Housing Corporation

Metropolitan Toronto Housing Company Limited

In Metropolitan Toronto, the Metropolitan Toronto Housing Company Limited (M.T.H.C.L.) operates rent-geared-to-income housing for over 10,000 seniors. M.T.H.C.L. is an agency of the Ontario Housing Corporation.

A map of Parry Sound, Ontario, Canada. The map shows the town of Parry Sound, which is shaded in grey. To the west of the town is Lake Nipissing, and to the east is Georgian Bay. The town is situated on the north shore of Lake Nipissing. The map also shows the Mattawa River and Ottawa River flowing into Lake Nipissing. The surrounding areas are labeled: SUDBURY to the west, MUSKOKA to the east, and QUEBEC to the north. The word 'S I N G' is written vertically across the map, likely a typo for 'SING'.
